## Profile

Junior Web Developer specializing in front-end development, experienced in all stages of the development cycle for dynamic web projects. Proficient in multiple programming languages, including HTML, JavaScript, CSS, MySQL, and Python. Strong background in project management and customer relations. Currently in the final year of education and seeking an internship opportunity to further enhance skills and contribute to a professional team. Motivated, detail-oriented, and passionate about creating user-friendly web applications.

## Education

computer engineer, ESPRIT

SEPTEMBER 2021 – SEPTEMBER 2024

Computer science student specializing in the field of web development.

IPEIN, Institut préparatoire aux études d'ingénieurs de Nabeul

SEPTEMBER 2019 – SEPTEMBER 2021

Ended by succeeding in the national engineering competition in Tunisia.

## Internships

Web Developer, WyPlay

JULY 2022 – SEPTEMBER 2022

I have developed a captivating website dedicated to movies, providing a seamless user experience for film enthusiasts. Additionally, I have successfully designed and implemented an e-commerce website, delivering a secure and user-friendly platform for online transactions.
